

Sunshine

I wish,

I wish I had a little,

A little sunshine of my own!

So I could give it to you

I need,

I need to have a little,

A little sunshine of my own!

So I would give it to you

I dream,

I dream I had a little,

Sunshine!!

A little sunshine of my own!

So I would give my dream to you,

Or let you in my dream,

With eyes closed so firm,

To hold the sunshine close,

To pass it on to you,

Or let you share my share,

With eyes so glassy and bare,

To reflect it all to you.

I wish,

I wish I had a little,

A little sunshine of my own!

To give back to my sunshine

A little sunshine of my own!
